AARTI SHARMA

@ aartisharma.official1@gmail.com   🔗 aarti5   📞 +91- 8107566778   📍 Bangalore, India

EXPERIENCE

Jr. Software Engineer Intern
Medgenome Labs

📅 Dec 2022 – Aug2023   📍 Bengaluru, Karnataka

- Developed and implemented comprehensive test template module within the Oncominer project, resulting in improved data exchange between four submodules and streamlined information filtering capabilities for test codes and sample types
- Implemented a "test code" submodule within the test template module, allowing for easy updating and filtering of test
- Utilized MYSQL to fetch 6500 test codes from the database, enabling seamless operations on the data such as analysis, reporting, and data manipulation

PHP   AngularJS/ReactJS   MYSQL, MongoDB

Research & Development Intern
Opentext

📅 Apr 2022 – Nov 2022   📍 Bengaluru ,Karnataka

- Developed and implemented a user-friendly interface to create upload files as documents in the cloud, resulting in improved efficiency and reduced manual errors by 30
- Connected the OTMM integration server to the data center through the development of an OTDS core connector, enabling seamless communication between systems and reducing data transfer time by 40
- Designed and executed automated test scripts for the OTMM connector, ensuring optimal functionality and reducing testing time by 50

Java   MYSQL

EDUCATION

B.E. in Computer Science & Engineering(CGPA - 7.4)
Chandigarh University

📅 July 2018 – July 2022

Higher Secondary Education(Percentage - 82%)
Modern Prince School

📅 June 2014 – June 2016

TECHNICAL SKILLS

ReactJS   Java   DBMS   OS

MYSQL   MongoDB   Linux   Shell Script

Github   VS Code

PROJECTS

Movie Recommendation System
Web- App | Netlify(Click here)

📅 Oct 2023

- Developed a react app that displays popular and recent movies using an API from a movie database.
- Implemented an appealing user interface.

React   JSX

Weather Forecast Application
Web-App | Netlify(Click here)

📅 Oct 2023

- Created a React app for real-time weather forecasting using an API .

React   React-Hooks   JSX

Task Management Application
Web-App | Netlify(Click here)

📅 Oct 2023

- Designed and developed a MERN app for managing daily tasks using RESTful APIs.

React   React-Hooks   JSX

MedMe
Web-App | Github(Click here)

📅 Aug 2023

- Developed a user-friendly web application for seamless post creation, management, and profile updating.

PHP   JavaScript   MYSQL

PROFESSIONAL SKILLS

Teamwork   Problem-solving   Leadership

Effective Communication   Adaptability
